

CORONAVIRUS (COVID-19)

Tuesday Update

March 24, 2020

From the Executive Director

Dear Residents,

All of us are watching with disbelief as the number of COVID-19 cases continues to grow in our state and nation.

We never expected this degree of disruption in our daily lives, yet it is absolutely necessary that we do our part to help stop this pandemic.

Please be assured we are continuing to monitor and take direction from national, state and local health officials.

The uncertainty of how long this situation will continue requires requires patience and prayer. Working together, we will get through this crisis.

Please remember if you are experiencing a cough, fever, sore throat, runny nose, and/or shortness of breath, contact your personal physician for guidance and remain in your home.

Thank you,

John B. Henry
Executive Director

ESSENTIAL VISITOR HEALTH SCREENINGS

Our restricted visitation policy remains in place. All essential visitors and team members must complete a health screening and temperature check before entering the community. No exceptions.

RESIDENTS, PLEASE NOTE:

It is imperative that you do not let any visitor in any entrance as they need to go through the screening process. This is for your safety and the safety of fellow residents and team members.

COMMUNICATION

During a crisis situation, we are always monitoring, learning, and making adjustments to provide better service, care and communication.

We value your ideas and your feedback, so please continue to email us when you have questions, suggestions, or comments. And we want to hear your stories too, or examples of kindness or creativity to get through your days.

Please email: CLVCares@clvillage.org

You can also help us communicate with your family members by providing us with their contact information and suggesting they follow us on [Facebook](#) [@CarrollLutheranVillage](#) and visit [www.clvillage.org](#)

PROGRAMMING & ACTIVITIES

Without access to social programs and activities, the wellness center, library, dining and other public gathering areas, you're missing some of the essential benefits of living Carroll Lutheran Village.

All of this is temporary, however. Be mindful of your daily habits: plenty of sleep, regular exercise, eat healthy meals at a regular time, and stay connected with family and friends through social media, phone calls or letter writing.

We are adding programs and streaming worship services through Channel 24. Jess Andrews and her team are brainstorming activities and opportunities to help you stay connected with family and friends.

You can access this week's calendar of activities [here](#) or on TouchTown.

In December 2019 the Chinese authorities notified the world that a virus was spreading through their communities. In the following months it spread to other countries, with cases doubling within days. This virus is the “Severe acute respiratory syndrome-related coronavirus 2”, that causes the disease called COVID19, and that everyone simply calls Coronavirus.

A Final Note from the Executive Director

Please join us in praying for those impacted by the coronavirus and for the safety and well being of our community and families.

We will communicate with you weekly and as needed. Please share updates with your family members so they are aware of the temporary changes at the community. We are happy to add their email address to our distribution list if they'd like.

Thank you for your cooperation and understanding. You may visit www.clvillage.org/coronavirus for more information and email us questions at CLVCares@clvillage.org.

Thank you,

John B. Henry
