

CARROLL LUTHERAN COVID-19 INFORMATION AND VISITATION POLICIES - FAMILY

Masking

Please remember to wear your mask when you come to be screened, visit residents outdoors, or are here for an essential visit. It is critical that you do so, to protect others around you. We must work together to keep each other safe. There are many asymptomatic cases, so even if you feel well, you have the potential of spreading COVID-19. All staff are required to wear a mask as well.

Independent Living Structured Outdoor Visits

Visitors must be screened at the 300 Lobby screening station prior to each visit; both visitors and residents must remain masked and at least 6 feet apart. No more than 6 visitors at a time are permitted. Visitors may use the 300 Lobby restrooms, while following all protocols.

Indoor Visitors are Still NOT Allowed in Independent Living

A reminder that no visitors are allowed indoors except for essential and end-of-life visits. These must be pre-approved and put on an essential visitor list. These visitors must be screened prior to entering the community and follow all COVID-19 protocols.

Health Care Center & Assisted Living Structured Window Visits

Scheduled structured window visits continue. Everyone must be spaced 6 feet apart and wearing masks. *We are not able to offer structured window visits for residents who are currently on Isolation Precaution for any reason.*

For questions or to schedule a Window Visit:

Kelly Snyder: **443-605-1056**

COVID-19 Testing

Residents who are tested for COVID-19 should notify Allison Herman, Care Coordinator, when they are tested and again when they receive their results: 443-605-1033.

Residents not feeling well or experiencing any of the following symptoms: vomiting, diarrhea, chills, muscle pain, headache, sore throat, new loss of taste or smell, fever, cough or shortness of breath, should contact their primary physician and **Allison Herman, Care Coordinator, 443-605-1033**

Please note: as non-emergent surgeries and procedures are starting back up; many places are requiring a negative coronavirus test before performing the procedure. With the new mandatory weekly testing of all nursing home and assisted living personnel, the turnaround times for labs has grown to as much as 10 days. Please help your loved one allow for plenty of time to get their results if they have a procedure scheduled.

Subscribe to Weekly Updates

Anyone can subscribe to CLV's weekly updates by visiting www.clvillage.org and clicking on the "Subscribe" button at the top of the homepage. A printed version of these letters is also placed in residents' mailboxes and mailed to family members.
