

CORONAVIRUS (COVID-19) UPDATE

Family Update Letter

November 10, 2020

From the Executive Director

Dear Families,

As we continue our weekly testing, we have had two staff members test positive for the coronavirus: a Housekeeper on October 29th, and a PRN Rehabilitation Therapist last Friday. Both, of course, will remain away from work until cleared. As of this moment, we do not have any positive residents, though we are waiting on the results of our latest round of testing.

Indoor Visitation

Unfortunately, due to the recent positive staff cases in the HCC, we are now considered in “outbreak status” which means we must suspend indoor visitation. We continue to offer window visits and outdoor visitation, with exception to those on isolation precautions.

Residential Living visitation, both indoors and outdoors, are not affected by this. Please continue to call and make reservations for indoor or outdoor visits.

Social distance, please

I would like to take this opportunity to remind you to continue the protocols that are in place. We are all growing weary during this pandemic, but we must not falter in our commitment to keep one another safe. As cases are on the rise around our state and country, we must do our part to protect one another. Continue to wear your mask, wash your hands and physically distance.

Welcome Jennifer Miller

I am pleased to announce Jennifer Miller as the next Director of Healthcare Services, responsible for the Health Care Center and Diven House. Jennifer brings considerable experience to the role, having been a licensed nursing home administrator since 1996. Jennifer began on November 2nd and has been working with our Interim Administrator Shawna Maraj.
