Dear Diven House Residents and Families:

Yesterday a team member tested positive for COVID-19 after exposure to a family member at their home. Since these findings, all other team members and all Diven House residents have been tested, with no additional positive test results.

We continue monitoring everyone for symptoms, wearing the proper personal protective equipment and practicing social distancing. We continue to hold group activities with careful attention to maintaining social distancing.

Visiting procedures have not changed including wearing a mask the entire time you are in the facility, regardless of vaccination status. Visitors should refrain from visiting if they are experiencing cold or flu-like symptoms.

I will notify you of any changes to our outbreak status.

Sincerely,

Jennifer Miller  
Director of Health Services
