

July 24, 2023

Dear Health Care Center Residents and Families:

Our outbreak has officially ended today.

As always, I do request that anyone who is experiencing cold-like symptoms refrain from coming to CLV.

- Visitors should plan to visit when feeling better.
- Team members should refrain from working until feeling better.

I will continue to provide updates on all changes in our outbreak status.

Sincerely,

Jennifer Miller, NHA
Director of Health Services
