

QUESTIONS TO ASK WHEN LOOKING AT ACTIVE ADULT RETIREMENT COMMUNITIES

communities of

Here are some great questions to ask the staff as you're looking at an active adult retirement community:

- What are the monthly fees?
- What's included in the fee and what isn't?
- What are the deposits and entry fees? Are they refundable if I change my mind? Does the deposit get applied to the first month's fee?
- Is a parking spot(s) assigned?
- What are the active adult residents like (e.g. what is the age range, how many live in the community)?
- What are some of the community's regularly scheduled activities?
- What are some of the local destinations that are included in the transportation service, and what is the maximum distance to take residents from the campus?
- How often are off-campus outings offered?
- How many restaurants are in the community?
- What amenities are in the community (e.g. pool, fitness room, walking trails, tennis courts, salon)?
- Can I meet some of the staff I'll be interacting with (e.g. directors of activities, maintenance and/or culinary)?
- Can I speak with some of the residents about life in the community?
